DETAILED ACTION

1. Applicant cancelled claims 1-14 and 16. Claims 15 and 17-25 are pending. The Amendment received October 31, 2005 is convincing with regards to the previous rejection, which is hereby withdrawn.

Claim Rejections - 35 USC § 103

2. The following is a quotation of 35 U.S.C. 103(a) which forms the basis for all obviousness rejections set forth in this Office action:

(a) A patent may not be obtained though the invention is not identically disclosed or described as set forth in section 102 of this title, if the differences between the subject matter sought to be patented and the prior art are such that the subject matter as a whole would have been obvious at the time the invention was made to a person having ordinary skill in the art to which said subject matter pertains. Patentability shall not be negated by the manner in which the invention was made.

3. Claims 15 and 17-25 are rejected under 35 U.S.C. 103(a) as being unpatentable over Guthrie, US 6,467,686 in view of Freeman, US 6,450,407.

Guthrie discloses providing electronic coupons or negotiable economic credits using a portable or handheld device associated with a point-of-sale (pos) device, e.g. Figs. 1, 6, 7, cols. 4, 5, 7-9. Guthrie does not disclose storing/updating a user profile in the hand-held device.

Freeman discloses storing/updating via a wireless network, e.g. Figs. 2-8, cols. 6, 7, 9-11, 13-16.

To have provided storing/updating via a wireless network for Guthrie would have been obvious to one of ordinary skill in the art in view of Freeman. The motivation for having done such would have been incorporate known technology to process a known function.
